2010 UK GUPPY LEAGUE STARTS OFF WELL

That is to say as long as your first name is Malcolm. Nottingham had only a handful of Breeders prepared to brave the cold

Malcolm Short

climate and enter in the 1st leg. However there was little to worry about as the organizers had the room heated on arrival and maintained perfectly during the 2 days of the Seminar. There were 49 entries from

just five breeders. Some excellent specimens were on show. There was a good variety of tail shapes Round, Spade, Delta, Double Sword and Bottom Swords.

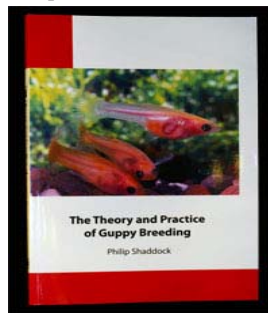

The Bottom Swords bred by Malcolm Short were excellent, these being direct descendants of the Derek Jordan original stock. This is indeed a credit to Malcolm in maintaining the strain.

Best in Show was the Half Black Red bred by Malcolm Clarke from the Jens Bergner German line. Scored 84.00 Points this is a cracking start to the season for both of these breeders.

MALCOLM CLARKE TO JUDGE IN POLAND

Malcolm has been offered an appointment for the second year running to Judge at the first Pairs Competition of 2010 in Szczecin Poland.

Malcolm explained the last visit by both Steve Elliott and himself to the MOL show was met with warmth and friendliness from the Polish Guppy breeders.

Malcolm had no hesitation in accepting their offer to Judge once more in 2010.

The venue for this show is unique the furnished aquaria display is held in the basement of an old building and is on permanent display throughout the year. This also acts as their meeting room. The main show is held on another level in the same building and offers 260 show tanks.
