BLA-GS INVITES DEREK JORDAN

British Livebearer Association Guppy Section has received news of Derek Jordan's acceptance to speak at the Guppy Seminar in February 2010.

Derek was once referred to in the PFK magazine as the Guppy Guru of the UK. This statement does not give even a small insight into the depth of knowledge Derek has of the Guppy.

Always highly critical of his own fish, he has been constantly looking to produce the perfect Viennese Emerald Double Sword for many years. Derek's strain is a proven winner here in the UK and is much sought after.

During 2009 Derek completely rebuilt his fish room, whilst most of the Guppy Breeders both here in the UK and Europe see the route

to more tanks as the way forward. Derek he has reduced from 42 tanks to a fully automated state of the art 14 tank system.

His presentation at the BLA Seminar will demonstrate the step by step rebuild and he will explain why he believes that you do not need a vast fish room to produce show winning Guppies.

Derek has also written some excellent articles: Guppies Basic Set Up to the Show Bench and Guppy Breeding Methods. These can be found on the www.fancyguppies.co.uk website.
