VOLUME 1, ISSUE 7 1ST APRIL 2010

RECORD ENTRIES AT BLA CORBY GUPPY LEG

It was a bumper turnout with 51 entries for the 2nd leg of the UK Guppy League. scoring 82.67.

This has been the best turn out since the concept of the League.

Once again BLA Guppy Breeder Malcolm Clarke had a very good entry with his Half Black Blond Red (Jens Bergner) Strain scoring 82.67, however he was hard pushed as the Best In Show spot was a shared affair with Stephen Elliott's Black Moscow also

After the 2nd leg. Malcolm is overall leader in Broad Tail Section with 166.67 and Stephen is snapping at his heels only 2 points behind with an overall score 164.00.

With four more legs to go who knows what will be the final outcome at the final leg.

UK STRAINS DATABASE

Is designed by Derrick Clayton to show new members what strains are already available here in the UK and how to contact the breeders. It is extremely important to keep this information updated on a regular basis. Can I ask all breeders to please update their listing on the [Fancy Guppy Web Site](#). Due to some listings like my own may be out of date. Please forward you're updated list to

derrick.clayton@ntlworld.com

ALEXIS RIONDET TO LEAVE JBL SALES TEAM

Most of you had the opportunity to meet Alexis the JBL Sales Representative who attended the BLA Convention in 2009. It's on a sad note I must inform you he is leaving JBL and going back to live in France. I am sure you will all wish him well. I personally wish Alexis all the best in the future and would like to thank him for all his help.

On brighter note we look forward to meeting the New JBL Sales Representative in October 2010 at the BLA Convention. Sponsored by JBL for the second year running .

PHILIP SHADDOCK TO VISIT UK IN 2010

Philip Shaddock eminent Author of the of Guppy Color Bank and his new book

The Theory and Practice of Guppy Breeding. Phillip intends to visit the Cotswold's here in the UK during June he would also like to visit some Guppy breeders while he is in the UK. I feel we will not get many chances to meet Philip in person as he is based in Canada.

More details to follow.
