The club for all guppy hobbyists

UK FG Guppy News Nr 2 24th November, 2011

Aquatics Live has just taken place in London. Our new guppy club was present with an exhibition of 48 pairs of guppies. Thanks are expressed to all of those in attendance who gave their time to the whole weekend in setting up and manning the stall! The display was the same set up that we use for the European Championship shows. This time we used real live plants and they looked great. We received many compliments both from the public and the organisers. Many new members were signed up during the course of the weekend.

JBL, our main sponsors, were also in attendance at the show and also had a great display. Members of the guppy group are reminded that if they have any problems in obtaining any JBL products then contact Steve Elliott who can obtain any of their products for you.

We also recently took delivery of black polo shirts with a gold coloured badge. If anyone would like to purchase one, they are only £12.00 each.

The next event on the UKFG calendar is in February. We shall have our normal event in Nottingham with several talks and lectures for the education and training of judges. This information is also of great benefit and interest to breeders and guppy keepers. More information will be provided as it is known.

The UK Guppy League will also take place next year with several new venues. The first leg will take place at the February event

in Nottingham.

For December we are exploring the possibility of making arrangements to obtain stock for our members from a well known foreign breeder. When the details are confirmed we will contact everyone to make arrangements.

So you see your club is working hard for you.

Happy Guppies.
